

Please feel free to refer to these general points to bolster support for ratifying ERA as you wish:*

The Equal Rights Amendment (ERA)...

- is still Alive, despite Special Interests' claims.
- requires NO FUNDING!
- is desired by 88% of constituents.
- often has 49 Florida bill co-sponsors.
- bill cannot be changed or amended.
- bill is not counted toward total bills you Sponsor.
- is NOT an entitlement; is for male and female alike.
- does not regulate same-sex matters or abortion.
- was ratified by most other States, and all post-WWII nations.
- boosts Florida's Businesses and grows JOBS and the Economy (see OVER)
- promotes fair child custody, self-help for Working Families.

***ERA Requires NO funding!**

What Florida legislator could be against these ?

We are very proud of our hard 18/7 work for FREE, for YOU, to achieve Florida's ratification as ONE of only THREE states required TO PASS the ERA. We also help mentor the 6 other states now filing ERA bills.

Let us know how we can help YOU to ratify ERA.

ERA ECONOMIC TALKING POINTS *(Over, for* **GENERAL Talking Points)**

Every nation since WWII and 35 American states have already passed an ERA! ERA still only needs the legislatures' votes in Florida plus 2 other states to PASS it. 7 states now file bills seeking to ratify ERA! **America awaits FLORIDA's vote for the ERA! PLEASE.**

What you do by co-sponsoring Florida's ERA ratification bill, according to studies by the UN, IMF, the EU, and other Nations and States ~~~

Reaffirm democracy's cornerstone, Equal Treatment for Americans—male and female alike! Establish true gender equality in Florida's constitution made moot in 2001 and 2004. ("Facts for Legislators", 2PassERA.org)

Raise America's global standing once it is no longer in the shadow of the repressive nations of Somalia, Sudan, and Lesotho.

Florida no longer would be painted as THE state that was awarded DISHONORABLE MENTION by respected worldwide economists on all 5 parameters! (Womens Research and Education Institute, in D.C.)

Disavow Speaker Cannon's and President Haridopolos's reason for not moving the ERA: that "ERA will 'hurt' Business". Businesses are doing just fine..just not working for the rest of us. **ERA works to:**

Increase the Gross Domestic Product (GDP) of between 1% to 3% "wherever gender equality (ERA) is the standard." Ask Scandinavia.

Increase diversity on Wall Street company boards with less hazardous risk-taking. (The Economist, others)

Decrease poverty. Lower court costs. Fewer on Public Assistance, Medicaid. Fewer abortions. (States'stats)

Unleash the intellect, motivation, skills, & talents of MORE THAN HALF of AMERICA at this time of need!

ERA is surely Win-Win for Florida and all America.

Via a similar card, we have asked all 2011 ERA Co-sponsors to back you up by Co-sponsoring again. We will next be talking with all previous co-sponsors. Then the rest of the Florida legislature. Make other suggestions to us for our work for your ERA bills freely, please.

"We" are the 300 000-strong nationwide Equal Rights Alliance Inc. at www.2PassERA.org. There you will find "Who We Are"; "ERA for Legislators"; and "ERA Refutes Lies", counterpointing the anti-ERA opposition's lies that benefit Special Interests. Feel free to use the GENERAL Points posted on the back.

We promise to work until ERA passes *whether we're in a wheelchair and on oxygen!* Tell us at what you think we can do better to help ratify the ERA at SandyO@PassERA.org.

We Admire YOU for your bold stand Against Sex Discrimination. The state of Virginia has ALMOST ratified the ERA in 2011.

All Eyes are on Florida...
